Man of the Moment

We offer up the perfect products to emulate the suave style of *When in Rome's* Josh Duhamel.

Shine of the Times

It isn't just Duhamel's teeth that sparkle on the red carpet! **Perfect Product:** Protecting his mane from damaging free radicals, **Joico Design Collection Gloss Wax** supplies flexible style and supershine via lightweight polyurethane.

Head's Up

Yes, even Tad Hamilton can experience hair loss. **Perfect Product:** **American Crew Trichology Hair Recovery Patch** serves up thicker, stronger mops with its patented blend of hops, rosemary, swertia japonica, and silica.

Face the Rays

When in Rome—or anywhere, for that matter—skin needs to be protected. **Perfect Product:** Featuring antioxidants wheat germ, grape seed and vitamin E, **Dermalogica Daily Defense Block SPF 15** defends against aging and dryness.

New Wave

Reminiscent of a young Marlon Brando, Duhamel's fringe rises and crests with controlled abandon. **Perfect Product:** Strong enough for a building but made for him, **Woody's Wood Glue Extreme Styling Gel**'s copolymers and beeswax deliver hard hold.

Washed Up

It's never too early to put the kibosh on thinning—especially when you're a leading lad. **Perfect Product:** Removing toxins and DHT thanks to LifeTend Complex, **Bosley Professional Strength BOS•DEFENSE Nourishing Shampoo** thickens normal to fine hair.

Hot Scruff

Even though Fergie's hubby sports a 5 o'clock shadow, just try to spy a stray neck sprout. **Perfect Product:** Soothing with spearmint, peppermint and eucalyptus extracts, **Aware Products Close Call Shave Cream** delivers a clean, smooth shave.

Eyes Like You

All that squinting from the paparazzi's flashbulbs takes its toll. **Perfect Product:** Boasting a ceramide and peptide cocktail to restore skin's moisture barrier, **Aveda Green Science Firming Eye Creme** smooths the eye area with glucosamine.
